

Ambassador Okada visit the CGCL project site at La Brea

On November 23, Ambassador Mitsuhiko Okada visited the project site of Caribbean Gas Chemical Limited (CGCL) at La Brea. CGCL is a joint venture enterprise led by the consortium of Japanese companies, Mitsubishi Gas Chemical Company Inc. and Mitsubishi Corporation, and a local conglomerate, Massy Holdings Ltd. The project is aimed to build and operate Methanol and Dimethyl Ether (DME) plants.
