The Project for Construction of Community Center

(Grant Assistance for Grass-roots Human Security Projects)

Country Saint Lucia

Field Public Welfare, Community

Grant Amount Up to 70,411 US dollars

Signing of Grant Contract February 28th, 2008

Recipient Tete Chemin Mothers and Fathers Group

Project Site Tete Chemin, Millet

Outline of the Project

The purpose of this project is to support the Tete Chemin Mothers and Fathers Group which makes an effort to create an avenue for young people to be trained in a specific skill set and also to empower women with regard to health care and childcare.

The grant was used for the construction of Community Center. The Center was completed under the cooperation of other stakeholders, including the Government of St. Lucia.

This Community Center has been utilized for skill training, community meetings, cultural activities and social activities for approximately 500 residences in this community.
