

The Project for Nature Seekers Visitor Facility and Training Center

(Grant Assistance for Grass-roots Human Security Projects)

Country The Republic of Trinidad and Tobago

Field Public Welfare, Turtle Conservation

Grant Amount Up to 62,164 US dollars

Signing of Grant Contract March 25th, 2009

Recipient Nature Seekers

Project Site Matura, Trinidad

Outline of the Project

The purpose of this project is to support the work programme of Nature Seekers, as it seeks to engage visitors, and the community at large, in its noble mission to protect and conserve wild flora and fauna.

The grant was used for the expansion of the existing office building, to include a visitor facility, which also acts as a training and capacity center.

This project contributes significantly not only to the community development in Matura but also to the promotion of tourism and environmental protection in Trinidad and Tobago.
