## The Project for Construction of Fish Vending Units

(Grant Assistance for Grass-roots Human Security Projects)

**Country** Saint Lucia

**Field** Fisheries

**Grant Amount** Up to 86,142 US dollars

**Signing of Grant Contract** February 29<sup>th</sup>, 2008

**Recipient** Castries City Council

**Project Site** Castries

### Outline of the Project

The purpose of this project is to support the improvement of sanitary facilities in the Fisheries Centre.

The grant was used for the construction of Fish Units including drainage in the Castries Market Compound.

Since the completion of this project, the fish vendors are now able to supply, a fresh and high quality product to the customers. The construction of these facilities has been beneficial to the people in the city of Castries.
