## **Broadcasting of Japanese Drama Series “Doctor X”**

CCN TV6 will begin broadcasting the Japanese television drama “Doctor X” on Sunday 25 February 2018 at 10:00 p.m.

The show follows Daimon Michiko, a stunningly beautiful and stubbornly self-reliant freelance surgeon who works at university hospitals in Japan. Her new temporary employment is at a hierarchical university hospital where doctors strive for power and money at the expense of medical ethics. “No, that is not my job” and “I don’t make mistakes are the cliché phrases that frequently circulate within the hospital bureaucracy. The turmoil she causes is due to her integrity as a surgeon who will never compromise in her surgeries and treatments.

We hope that you will enjoy this Japanese drama together with the many other Japanese programming featured on CCN TV6. This broadcast, along with the other Japanese programs currently airing on CCN TV6, is made possible by a Japan Foundation project which offers a variety of Japanese television programs to TV stations around the world.
