

The Project for Construction of a Training Centre

(Grant Assistance for Grass-roots Human Security Projects)

Country The Republic of Guyana

Field Education

Grant Amount Up to 103,597 US dollars

Signing of Grant Contract November 11th, 2011

Recipient St. Francis Community Developers

Project Site Port Mourant, Region 6,

Outline of the Project

The purpose of this project is to support the empowerment and vocational training courses that St. Francis Community Developers offers to low income families.

In order to achieve that, a two-story training center was built and the project is hoped to contribute to improve the skills and income of the people in order to tackle unemployment and poverty
