The Project for Information Technology Training for Persons with Disabilities

(Grant Assistance for Grass-roots Human Security Projects)

Country — The Common Wealth of Dominica

Field — Public Health Care, Persons with Disabilities

Grant Amount — Up to 80,915 US dollars   **Signing of Grant Contract** — March 26th, 2009

Recipient — Dominica Association of Disabled People

Project Site — Goodwill

Outline of the Project

The purpose of this project is to support the work programme of the Dominica Association of Disabled People, as it seeks to improve the unit's capacity to offer occupational training for persons with disabilities.

The grant was used for the provision of several pieces of IT equipment including computers, printers and special software for persons with disabilities.

Upon completion of this project, the Dominica Association of Disable People has become better equipped to provide the IT training for people with disabilities.
