

Embassy of Japan Highlights Japanese Culture at Fatima College's Foreign Languages Day

On Friday January 30, 2026, the Embassy of Japan introduced Japanese language and culture to over 600 students in the Foreign Languages Day hosted by Fatima College. The Embassy's exhibition, which was open from 8:00AM to 1:00PM, welcomed students from Forms 1 to 6 and featured an interactive display highlighting Japanese culture such as manga, happi coats and traditional toys, alongside language-based activities. Information and brochures on the JET Programme and MEXT scholarships were also shared with students.

The Embassy also delivered a short presentation introducing students to Japan's unique culinary culture, during which students had the opportunity to practice basic Japanese words and expressions.

The interactive exhibition and presentation generated strong interest among students, who responded enthusiastically by asking questions and engaging in lively discussions. The atmosphere was filled with curiosity and excitement as students explored the exhibits and learned more about the Japanese language and culture.

The Embassy of Japan looks forward to continuing its cultural exchange initiatives and fostering a deeper understanding of Japan among the youth.
