

Dear travelers to Japan,

Visitors to Japan are advised to take out an overseas travel insurance before arrival

○ An overseas travel insurance provides you with the necessary coverage in the event of a medical emergency, and you can enjoy your trip without worrying about your medical care while abroad.

○ Medical expenses are usually high in Japan. If the travel insurance you purchased offers sufficient coverage for treatment costs, you can receive treatment without concern, or delay.

○ It is recommended to have an overseas travel insurance with travel support for hospital referrals, medical interpretation, and cashless medical service.

We wish all visitors a safe and enjoyable travelling experience in Japan.

Regards,
